Activities and Report for 2011-2012

Doping testing and Plan 2013

Activities and report 2011-2012

During year 2011, during FMJD event over the year, we were able to successfully carry out five (5) In completion doping tests and two (2) Out of the completion doping test, so seven tests in total out of the eight planned with WADA. Three (3) In competition tests were performed during WC 2011 (May 24th 2011), two (2) In competition and Out of the competition tests each were performed in Beijing during Sport Accord Mind Games, December 2011.

The FMJD was declared compliant with the rules in 2011 for the first time.

For 2012 year, we performed two (2) In competition test during African championship Burkina May 16th 2012, three (3) out of the completion test during Word Mind Games in Lille (France) August 19th 2012 and two (2) In competition test in Beijing during Sport Accord, Mind Games December 18th 2012, So a total of seven doping tests during year 2012 were performed.

The FMJD was declared again compliant with all the rules.

I. Doping tests and results.

Doping Test Year 2011

1) In Competition Tests.

A) Test event: Word Championship 2011 Netherlands May 2011

Sample Collection date: 24/05/2011

Type of Test: In competition doping test

Number of Sample and identification code: THREE (1955669, 1955671 and 1955672)

Sample Type: Urine

Results: No Prohibited substances were detected.

B) Test event: Sport Accord WMSG Dec 2011

Sample Collection date: 12/19/2011

Type of Test: In competition doping test

Number of Sample and (identification code): TWO, (..... and).

Sample Type: Urine

Results: No Prohibited substances were detected.

2) Out of the competition test:

Test event: Sport Accord Dec 2011

Sample Collection date: 12/19/2011

Type of Test: out of the competition doping test

Number of Sample and (identification code): TWO (----- and -----).

Sample Type: Urine

Results : No Prohibited substances were detected in two out the three.

Doping Test Year 2012

1) In Competition Tests.

A) Test event: African championship Burkina Faso May 2012

Sample Collection date: 16/05/2012

Type of Test: In competition doping test

Number of Sample and identification code: TWO (2671347 and 2671349)

Sample Type: Urine

Results: No Prohibited substances were detected.

B) Test event: Accord Sport WMSG Dec 2012 2012

Sample Collection date: 12/18/2012

Type of Test: In competition doping test

Number of Sample and (identification code): TWO, (..... and).

Sample Type: Urine

Results: No Prohibited substances were detected.

2) Out of the competition test:

Test event: WMSG in Lille August 2012

Sample Collection date: 08/19/2012

Type of Test: out of the competition doping test

Number of Sample and (identification code): THREE, (2324849, 2324844 and 2324848).

Sample Type: Urine

Results1 (2 samples) : No Prohibited substances were detected in two out the three.

Results2 (One sample) : Prohibited substances were detected.

-S1B. SAA endogene /T/E ratio estimated at 7.9 by GCMS method EC24K. No signs of bacterial degradation were observed.

Estimated concentrations without adjustment for specific gravity of:

-Testosterone 16ng/mL

– Epitestosterone (not fully characterized) :< 5.0ng/mL

II. Seminar and training

The medical committee did not participate to any training or seminar during 2011-2012

For more information, refer to FMJD web site or you May contact Medical Committee of FMJD.

Program 2013.

A) Doping Test:

FMJD medical committee will be performing doping test during WC in Ufa. It will be urine test only. There will be both Out of the competition test (OCT) and In competition test (ICT) this time.

For the OCT, the four (4) players will be selected from our RTP list for this year (Register Testing Pool for 2013).

Here are the procedures of the Out of the competition test before the first round of the competition.

Those procedures included:

- **Athlete selection from FMJD-2013 RTP list** (by FMJD representative)
- **Athlete IF notification by May 10th 2013** (by FMJD representative)
- **Sample collection on May 31th or Jun 1st** (before the game by the DCO "Doping Control Officer" from FMJD MC or other Anti Doping Organization (ADO) chosen by FMJD MC)
- **Laboratory analysis** (chosen by DCO or FMJD MC)
- **Results management** (to be sent to FMJD MC and WADA)

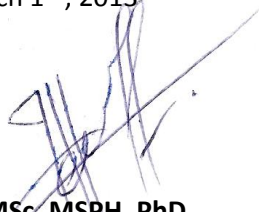

For the ICT, the three (3) players will be randomly selected from the top 6 players after passing the half of the total number rounds of the tournament.

The sample collection might be performed sometime on Jun 13th or 14th after the round of the day.

B) Others Activities:

The committee members will Participate to WADA and/or IF training seminar or conference as long as the topics are our interest (doping tests procedures, doping and sport, ...).

New Orleans March 1st , 2013

Oumar THIERO, MSc, MSPH, PhD.
Chair man Medical Committee FMJD.
