São Caetano do Sul, S.P., August 21st 2013.

To the Board of FMJD

Brazilian Draughts Federation proposes for the General Assembly 2013 of FMJD to create a separate section of 64 squares Brazilian rules (International rules). Because this game has 100% the same rules of 100 squares (International Draughts) is necessary that the same kind of game in 64 squares work together 100 squares and be controlled exclusively by the main board of FMJD.

Thanks for your attention.
